Student at Saurashtra University	Rajkot, Gujarat
H.S.C	2021
Student at S.G.Dholakiya School	Rajkot, Gujarat
S.S.C	2019
Student at Maruti Motherland School	Rajkot, Gujarat

Project

Project Title: E-Housing Society Management System

Technologies Used: ASP.NET with C#, SQL Server, HTML, CSS

Project Description:
The **E-Housing Society Management System** is a comprehensive web-based application designed to streamline the management of housing societies. It provides a centralized platform for managing societies, houses, and owner details, ensuring seamless operations for both society administrators and residents.

Roles: Full-Stack Developer, Deployment

Duration: July 2023 – September 2023

Project Title: Student Attendance Management System

Technologies Used: ASP.NET with C#, SQL Server, HTML, CSS

Project Description:
The **Student Attendance Management System** is a robust web-based application designed to simplify the process of tracking and managing student attendance records in educational institutions. It provides an efficient and user-friendly platform for both administrators and faculty members to maintain attendance records, generate reports, and monitor student attendance trends.

Roles: Full-Stack Developer, Deployment

Duration: December 2023 – February 2024
